

Tata Technologies offers to set up EV production unit in Punjab

Chandigarh, (IANS) In a major initiative aimed at giving fillip to industrial development of the state on one hand and opening new vistas of employment for youth on the other, Tata Technologies on Wednesday offered to set up its ambitious electric vehicle (EV) production centre in Punjab.

A delegation of the Tata technologies called on Chief Minister Bhagwant Mann here at his official residence.

During the deliberation, the delegation comprising Global CEO of Tata Technologies Warren Harris, President Global HR and

IT Pawan Bhageria and others evinced keen interest to set up this unit in the state with a current investment of Rs 250 crore and future investment of Rs 1,600 crore.

The delegation said that it would lay thrust on development of MSME in EV segment with a focus on cleaner mobility and creating jobs for the youth in Punjab. The visiting delegation opined that the company will also ensure skill development of youth in the state.

Welcoming the initiative, the Chief Minister assured fulsome support and cooperation to the Tata

Technologies for this project. He said the government is committed to accelerating industrial

growth in the state and no stone will be left unturned for this noble cause. Mann said that investment friendly policies of state

duty bound to reverse the trend of Punjabi youth going abroad in search of green pastures for their careers by ensuring that best employment opportunities could be created here through such projects.

Pointing out further, the Chief Minister categorically said the state government is already roping in more industrial tycoons from across the country to set up their ventures in the state.

He said Punjab has emerged as the most investment friendly destinations in the country. Mann said that investment friendly policies of state

government coupled with hard working, dedicated and skilled Human Resource are a boon for any industrial development.

Meanwhile, it was also decided in the meeting that Shaheed Bhagat Singh Nagar-based Lamrin Tech Skill University will collaborate with IBM, an anchor partner and with Tata Technologies and Ansys Corporation for a setting up a highend technology labs through Innovation Centre for Education with the investment of Rs 602 crore. This will help in producing a pool of skilled labour required for industrial houses in the state.

JSL Q4 net jumps over two-fold to `750 crore

New Delhi: Jindal Stainless Ltd (JSL) posted a 156 per cent jump in consolidated net profit at Rs 749.88

crore for the March quarter, mainly on account of higher income. In the year-ago quarter, its net profit stood at Rs 292.61 crore, the company said in a regulatory filing. Total income in January-March 2022 rose to Rs 6,582.84 crore, from Rs 3,926.30 crore in the same quarter of 2020-21.

Google acquires MicroLED display startup for future AR headsets

San Francisco, (IANS) Google has acquired Raxium, an innovator in single panel MicroLED display technologies, for an undisclosed sum.

The acquisition of California-based startup will help Google build next generation of augmented/virtual and mixed reality headsets amid the buzz over metaverse.

Raxium will join Google's Devices and Services team.

"We're thrilled to have the team at Raxium on board to help further our goal of building helpful devices and services to improve people's daily lives," said Rick Osterloh, Senior

Vice President, Devices & Services at Google.

The team at Raxium has spent five years creating miniaturised, cost-effective

and energy efficient high-resolution displays that have laid the foundation for future display technologies.

"Raxium's technical expertise in this area will play a key role as we continue to invest in our hardware efforts," said Google.

Raxium says its display tech is five times more efficient than the current world record holder.
